ESSENTIALS

PROFIX ESSENTIALS

Pro-Grip Assurance
All our products are marked with the relevant standard icon where applicable and certified to all relevant standards.

1000v Safe
Our range of ProFix tools for safe 1000v working. Any ProFix tool carrying the VDE logo is also guaranteed to this standard.

Pro-Save
All our kits offer substantial savings over the purchase of individual items, representing even greater ProFix value.

Pro-Safe First
The ProFix Safety First Pro-Safe symbol serves as a reminder to all our customers to always ensure you use the correct safety equipment whilst working. Do not risk injury!

PROFIX ESSENTIALS

The Pro-Fix Brand is aptly named Pro-Fix Essentials as it includes an array of mainly secondary but fundamental products needed on a day to day basis by electrical contractors. Insulated and general hand tools comprise a key element of the range - from VDE pliers, cutters, strippers and screwdrivers to general crimping and tensioning tools plus a whole gamut of hand tools, sealants and drills. Fastenings account for the second half of the Pro-Fix portfolio with cable clips, cleats, shrouds, crimps and ties key everyday products. Earthing, sleeving and grommets are also well covered as are screws, anchors and washers. Finally more mainline electrical meters and testers complete the Pro-Fix Brand.

We have a team of friendly, experienced and dedicated personnel ready to provide you with a high quality service.

We continue to trade solely through the electrical wholesale trade, and we would like to remind our customers should you require any help or assistance, our dedicated sales staff will be glad to help.

We now have Price List 22 available in Excel format for customers who require it to update databases etc. Please contact us for your copy.

All information shown in this catalogue is correct at time of going to press, however we reserve the right to alter or amend the data without prior notice. If you are in doubt please ask our sales team for assistance before ordering.

PROFIX
ESSENTIALS

PROFIX
ESSENTIALS

Pro-Grip - Screwdrivers

- Pro-Grip blades are manufactured from special high grade Chrome-Vanadium-Molybdenum-Steel alloy (Black finish) and are carefully hardened to provide maximum durability
- Pro-Grip screwdrivers go through 100% inspection and strict production and control procedures to guarantee the highest precision for trouble free and safe working
- An ergonomically designed two component handle with micro anti-slip surface ensures easy grip and provides maximum torque (up to 50% more power transmission over some mono-component screwdrivers)
- Pro-Grip have their insulation injection-moulded directly around the blade for live working up to AC 1000V complete with handy hole for hanging/ storage

DRILLING TOOLS
Mandrel / Hole Saws & Pilot Drills

- Bi-metal construction - Variable pitch 4/6 per inch
- Long life fast and smooth cut with shock resistant teeth
- Cuts hole in wood, plastic, machinable metal, pipe & stainless steel
- Cutting Depth - up to 40mm

- Heavy duty bi-metal construction for durability
- Hole Saws/Arbors interchangeable with other brands
- Cuts Brass, Copper, Steel, Aluminium, Wood etc
- M3 steel cutting edge keeps teeth sharper longer

- TLMN25/TLMN152
- Mandrel complete with pilot drills
- Supplied blister packed

PVC TAPE
Electrical Tapes, Warning Tape and Signs

Self Amalgamating Tape Black

- Chemically bonds to itself and to irregular surfaces and shapes
- Possesses excellent resistance to outdoor exposure, voltage and water
- Suitable for splicing and repair of power distribution cables, pipes and hoses
- Provides watertight seals and protection against corrosion

Code	Dimensions (mm)		Weight	Box/Qty
	Length	Width		
TPSA1910BLK	10Mtr	19	100g	1

All Purpose Gaffer Tape

- 48mm Wide - 50Mtrs long
- Heavy duty cloth back adhesive tape
- Suitable where normal PVC tape would lose adhesion due to ingress of water
- Used for fixing cable to wall/floor for general repairs

Code	Dimensions (mm)		Weight	Box/Qty
	Length	Width		
TPG5050BLK	50Mtr	48	582g	1/24
TPG5050SIL	50Mtr	48	582g	1/24

Warning Tape for Laying Electrical Cable

- 150mm wide x 50 microns thickness
- Provides a strong warning to prevent imminent danger from electrical cables beneath
- Marking "Caution electrical cable below"

Code	Dimensions (mm)		Weight	Box/Qty
	Length	Width

Screws, Suspension Anchors & Penny Washers

Drywall Screws

- Fully hardened
- Twin thread
- C1022 steel
- Phillips recess
- Bugle head
- Ideal for plasterboard, fibreboard and other installation boards where these need to be fastened to wood or steel partitions
- Available in fine thread or coarse thread (Black only)
- Bright zinc plating offers a superior anti-corrosion treatment which allows water based fillers to be used

Drywall Screws - Black/Zinc

Code: IT509
Digital Insulation Tester
- 3/12" digital LCD display
- Polarity indication: Automatically polarity "-" display for negative input
- Automatic zero adjustment
- Equipped with continuity test
- Measure high insulation resistance and DC voltage

UK CA CE

Functions
- - Function keys: Data hold, Max.
- - Equipped with a continuity test.
- - Measures high insulation resistance with manual range :
  (0.1M£[to 2000M£[)
  250V: 0.1M ~200M Ohm
  500V :0.1M ~200M Ohm
  1000V:1M ~ 2000MOhm
Measures DC voltage (0V~1000V), AC Voltage (0V~750V).

Technical Specifications					
	Range	Resolution	Accuracy	Input Impedance	Overload Protection
ACV	ACV 750v	1v	+/- (0.8%+4)	10M Ohm	DC 100v AC 750v ms
	DCV 1000v	1v	+/- (0.5%+1)	10M Ohm	DC 100v AC 750v ms
Insulation high resistance	200M / 250v	0.1M Ohm	+/- (3%+3)	0.4mA max	
	200M / 500v	0.1M Ohm		0.9mA max	
	2000M / 1000v	1M Ohm	+/- (3%+5)	1.7mA max	
Continuity Test	0.1 Ohm	<80 Ohm	3.3v max	DC/AC 500v / ms
